

# ELECTRICAL NOTES

N1: New switched elec. outlets at ceiling, provide "remodel" J BOX elec. outlet with min. 5' slack. These are for LED, low voltage non-dimable, plug and play lights with integrated Poliform transformers. Switch location to be determined by client / architect.

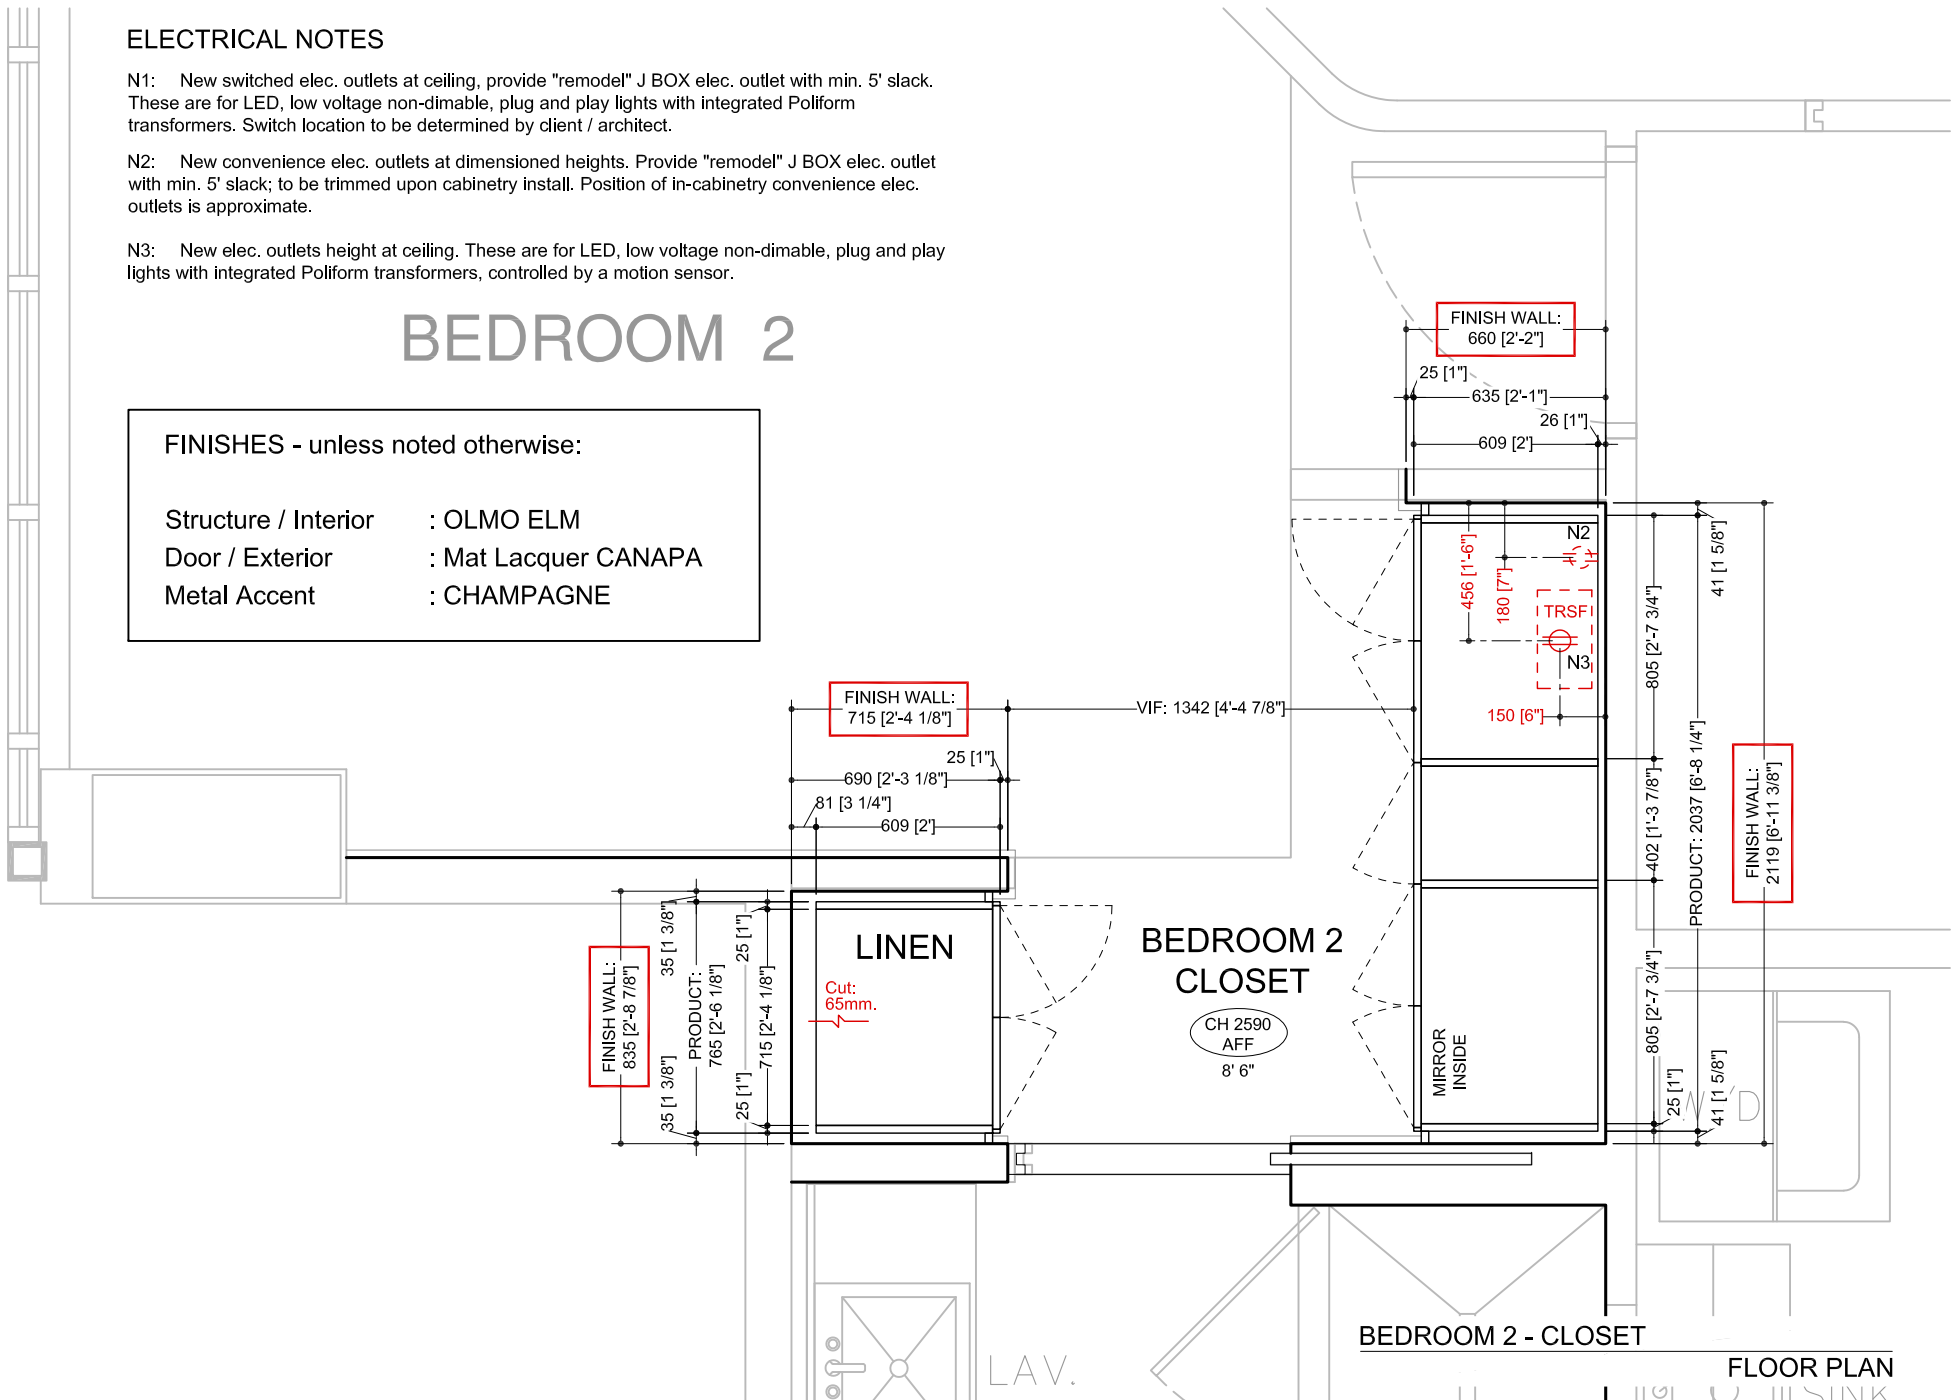

N2: New convenience elec. outlets at dimensioned heights. Provide "remodel" J BOX elec. outlet with min. 5' slack; to be trimmed upon cabinetry install. Position of in-cabinetry convenience elec. outlets is approximate.

N3: New elec. outlets height at ceiling. These are for LED, low voltage non-dimable, plug and play lights with integrated Poliform transformers, controlled by a motion sensor.

## BEDROOM 2

### FINISHES - unless noted otherwise:

- Structure / Interior : OLMO ELM
- Door / Exterior : Mat Lacquer CANAPA
- Metal Accent : CHAMPAGNE
