DESCRIPTION

CONCRETE CORE DRILLING

Due to the presence of post tension cables within the floor and ceiling concrete slabs, the drilling depth shall be limited to 3/4" (Three quarters of an inch) for installation of small anchors. Any drilling into the concrete slab shall be a contractor's own risk and liability.

I/ We (jointly & severally) understand, acknowledge and agree that THIS CONDOMINIUM, has been constructed with post- tension cable. Absolutely no penetration(s) shall be made to any floor, roof or ceiling slabs with the prior expressed written consent of the Membership and/ or Board of Directors as required by the Association's Declaration of Condominium.

NOTICE

These signs must be placed in every unit. Do not remove or detach them. Every Westhaven worker is responsible for maintaining them and following them.

AVISO

Estos rótulos deben colocarse en todas las unidades. No deben retirarse ni despegarse. Cada trabajador de Westhaven es responsable de mantenerlos y cumplirlos.
